In der Natur zuhause.

Wer jeden Tag, manche sogar ein ganzes Arbeits- oder Unternehmerleben lang mit Holz zu tun hat, entwickelt eine besondere Beziehung zur Natur. Der respektvolle und ressourcenschonende Umgang mit diesem fantastischen Rohstoff liegt uns im Blut. In Sachen Wohngesundheit gibt es für uns kein besseres Material als Holz. Deshalb basieren alle EGGER Produkte auf diesem Material. Ganz bewusst verzichten wir in der Verarbeitung auf Weichmacher oder PVC, selbst das Dekorbild unserer Laminatböden basiert auf wasserlöslichen Farbstoffen. Wer einmal die Atmosphäre eines Raums mit einem EGGER Boden erlebt hat, wird uns verstehen.

At home in nature.

A person at EGGER who deals with wood every day, some for an entire career, develop a special relationship with nature. The respectful handling of this fantastic raw material is instilled in us. As far as we are concerned, there is no better material than wood when it comes to healthy living. This is why all EGGER products are based on this material. It is our choice to forego softeners or PVC during processing, and even the decor image of our laminate flooring is based on water-soluble dyes. Once you experience the atmosphere of a room with an EGGER floor you understand.
