COMPLAINTS

- Complaints shall be reported with the complaint form and the image documentation.
(The complaint form can be found on our website as PDF file for download.)

TRANSPARENCY IN ANY ITEM:

THE ITEM NUMBER

189	16	01	71
Number of the item	Design	Version	Surface

THE EXAMPLE:

Handle LUCIA **(189)** Design as clip-on rose set **(16)**
in version BB **(01)** with stainless steel surface **(71)**

Each of our products has an item number with an "expressive" structure. The first 3 figures represent the item, such as the handle LUCIA. The next two digits are used to define the handle LUCIA further. This shows that the handle LUCIA has the screw rose design. Now the key rose is still missing. It forms the next two digits, which represent the version. The last two digits are very important as well – they determine the surface or material of the item.

DOOR HANDLES FROM A TO Z

STRUCTURE OF THE CHAPTER

DOOR HANDLES FROM A TO Z

The door handles chapter is structured sorted by product names in alphabetic order.
Within the product names the handles are sorted as follows according to technical design:

CLIP-ON TECHNIQUE (example: LUCIA Clip-on technique),

SCREW-ON TECHNIQUE (example: LUCIA PROFESSIONAL Screw-on technique),

SCREW-ON TECHNIQUE GK 4 PROFESSIONAL LINE (example: LUCIA PROFESSIONAL Screw-on technique GK 4),

PIATTA FLUSH-MOUNTED LOOK (example: LUCIA PIATTA).

CLIP-ON TECHNIQUE

- _ stainless steel, no visible screws
- _ Clip-on cams for quick installation
- _ Plain bearings, maintenance-free, invisible
- _ Lifting springs, spring steam, bilateral
- _ Subconstruction of high-quality plastic
- _ Audited to DIN EN 1906

SCREW-ON TECHNIQUE

- _ stainless steel, no visible screws
- _ Plain bearings, maintenance-free, invisible
- _ M4-screw connection, counter-running
- _ Firmly welded support cams
- _ Handle firmly pivoted
- _ Lifting springs, spring steam, bilateral
- _ Subconstruction of stainless steel, non-corrosive
- _ Audited to DIN EN 1906

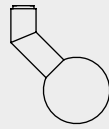

SECURITY KNOBS

KNOB R1

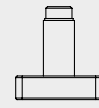

KNOB R2

KNOB R3

KNOB R4

KNOB SQUARE

KNOB R21

SCREW-ON TECHNIQUE GK4

- _ stainless steel, solid spindle
- _ no visible screws
- _ Plain bearings, maintenance-free, invisible
- _ M4-screw connection, counter-running
- _ Firmly welded support cams
- _ Handle firmly pivoted
- _ Lifting springs, spring steam, bilateral
- _ Subconstruction of stainless steel, non-corrosive
- _ Audited to DIN EN 1906

PIATTA

- _ ultra flat with only 2 mm
- _ stainless steel, no visible screws
- _ Plain bearings, maintenance-free, invisible
- _ simple & reliable Pronto-FIX attachment system
- _ Handle firmly pivoted
- _ Lock recommendation: Class 3
- _ Tip: For the assembly please use a locking clamp

Indicated prices apply for the set:

glass door lock with whispering latch for DT (=door thickness) 8mm and DT 10mm, 3 part hinges incl. frame parts of wood.

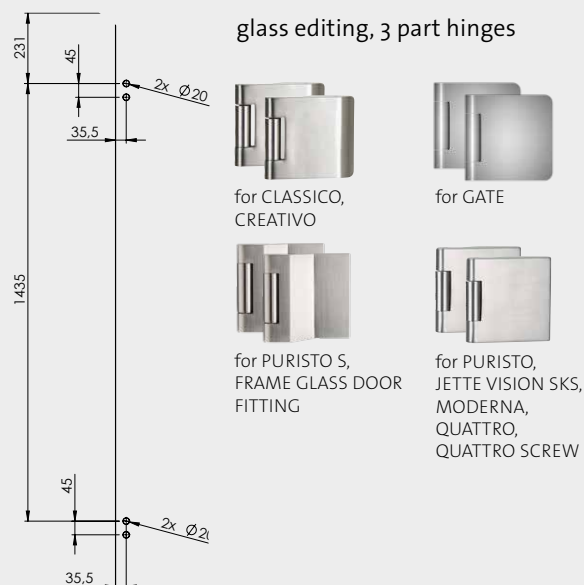

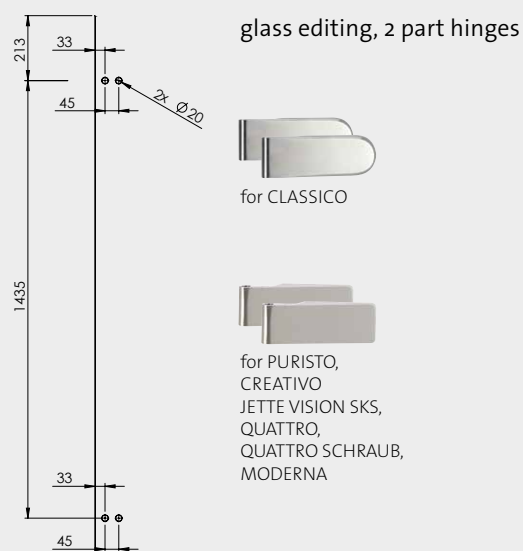

Surfaces of the glass door locks are in the same look as the door handles. If you need different compositions please contact your contact person at GRIFFWERK.

Surface recommendation: combination of velvety grey with stainless steel matt; nickel matt with stainless steel matt; chromium polished with stainless steel polished.

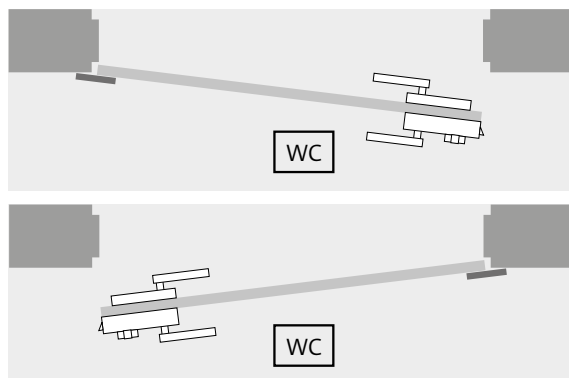

QUALITY IN DETAIL

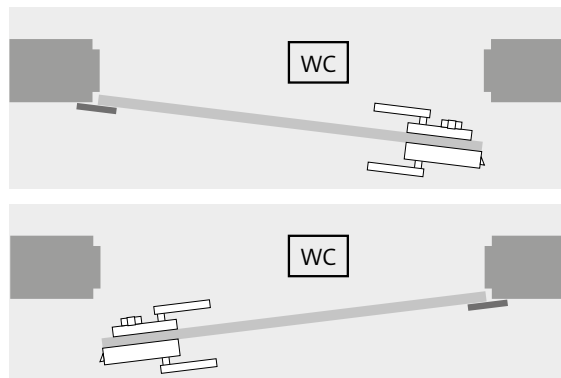

DRILLINGS FOR 2 PART AND 3 PART HINGES

NOTICE

[illegible]

General sales and delivery conditions of GRIFFWERK GmbH

1.0 EXCLUSIVE APPLICABILITY OF THESE GENERAL TERMS AND CONDITIONS TO TRANSACTIONS WITH COMPANIES, BODY CORPORATES ORGANIZED UNDER PUBLIC LAW AND SPECIAL FUNDS UNDER PUBLIC LAW AND GENERAL PROVISIONS

1.1 These General Terms and Conditions of Sale and Delivery (hereinafter referred to as "General Terms and Conditions") shall exclusively apply to transactions with companies, legal entities and special funds under public law carrying on a trade or independent business at the time the contract is concluded. Our General Terms and Conditions shall apply to all our offers, contracts and deliveries with such customers without any exceptions.

1.2 The customer's general terms and conditions shall not be binding on us, even if we fail to object to them upon receipt thereof. This means that in case of any conflict between our General Terms and Conditions and the customer's general terms and conditions, our General Terms and Conditions shall apply exclusively. Therefore, any additional and/or complementing regulations contained in the customer's general terms and conditions which are not part of these General Terms and Conditions shall not become part of the contract.

2.0 CONCLUSION OF CONTRACT AND PRICES

2.1 Our offers are without engagement. We reserve our and our suppliers' property rights and copyrights to offers, drawings and other documents (irrespective of whether in tangible or intangible, in particular in electronic form). Such information must not be disclosed to third parties and must be returned to us immediately upon request.

2.2 Any illustrations contained in our brochures, advertisements, on our website etc. shall be non-binding.

2.3 The customer shall be bound by its order for a period of 2 weeks. Such period of time shall commence upon receipt of the order in our office. The contract shall not be deemed concluded unless we confirm acceptance of the order in writing and/or execute the order within such period of 2 weeks.

2.4 All agreements, in particular any collateral agreements and subsequent changes to the contract, shall not be effective unless made in writing. The same shall apply to any covenants as well as to any changes and/or amendments of our General Terms and Conditions.

2.5 Deliveries may deviate from the ordered total quantity by up to 10 %.

2.6 Our prices are stated net ex works our warehouse and/or the manufacturing facility. Therefore, the statutory VAT, packing, loading and shipping costs, as well as customs fees and other public charges for export deliveries are charged additionally.

2.7 Minor deviations from our stated measurements, weights and performances, as customary in the industry and caused by technical improvements, shall be admissible.

2.8 We shall assume no guarantees, unless specifically agreed upon. Such agreement must be in writing in order to be valid. Any reference to DIN standards shall only support the description of the purchase object and shall not be deemed to be a guarantee.

2.9 To maintain the written form as required in items 2.4 and 2.8 of these general terms and conditions, submission by fax shall suffice; apart from that, telecommunications submission, specifically by email, will not be sufficient.

3.0 TERMS OF PAYMENT

3.1 Payments shall be made within 30 days of delivery and invoicing, without any deduction.

3.2 We shall be entitled to execute outstanding deliveries and services against prepayment or provision of security if we find out after the conclusion of contract that payment is uncertain because of the customer's lack of financial capacity.

3.3 Orders to pay, checks and bills of exchange shall only be accepted upon special agreement and – taking into consideration any expenses for collection and discount - only on account of performance.

3.4 Default interest of 8 percent above the base rate shall be charged in accordance with section 288, paragraph 2 of the German Civil Code.

4.0 SET OFF AND RIGHT OF RETENTION

4.1 The customer shall not be entitled to set off any payment claims against outstanding payments due to us unless such claims are undisputed or recognized by declaratory judgement.

4.2 The customer shall only be entitled to assert a right of retention if such right of retention is based on the same contract.

5.0 DELIVERY AND DELAY IN DELIVERY

5.1 Delivery dates and periods, which may be agreed upon in a binding or non-binding manner, must be stated in writing.

5.2 Delivery periods shall commence upon conclusion of the contract, however, not before all technical and commercial details are agreed upon with the customer. Where shipping was agreed, delivery periods and delivery dates shall refer to the time of handover to the forwarder, carrier and other third party charged with transport.

5.3 If a non-binding date of delivery or period of delivery is agreed upon, we shall not be deemed to be in delay before the expiry of a period of 2 weeks after such date and/or end of such period of delivery. In order for us to be deemed in delay of delivery, a written notice from the customer is required (see Section 286, paragraph 1 of the German Civil Code).

5.4 In case of industrial disputes, of the occurrence of unforeseeable impediments beyond our sphere of responsibility as well as of impediments in the manufacturing facility's sphere of responsibility, the date and/or end of the period of delivery shall be postponed by a period of time that corresponds to the duration of such event. The same shall apply mutatis mutandis to impediments occurring during an existing delay in delivery.

5.5 The customer's right to claim damages based on a delay in delivery (section 280, paragraph 1 and paragraph 2 of the German Civil Code in conjunction with section 286 of the German Civil Code) for slight negligence shall be limited to a maximum of 5 % of the agreed upon (net) purchase price. The customer's right to claim any additional damages due to a delay in delivery shall be excluded in case of slight negligence. The customer shall in particular not be entitled to demand damages instead of performance in case of a delay in delivery (section 280, paragraph 1 and paragraph 3 of the German Civil Code in conjunction with section 281 of the German Civil Code) in case of slight negligence.

6.0 TRANSFER OF RISK AS WELL AS SHIPMENT AND ACCEPTANCE OF THE PURCHASE OBJECT

6.1 The risk shall be transferred to the customer at the time the purchase object are handed over to the forwarder, carrier or person collecting the delivery items, however, at the time the delivery leave our premises or the manufacturing facility at the latest. The same shall apply mutatis mutandis if we are responsible for the transport of the purchase object. If the shipment of the delivery items is delayed due to circumstances beyond our sphere of responsibility, the risk shall pass to the customer as of the date the purchase object are ready for dispatch.

6.2 We shall obtain insurance against transport damage for the purchase object upon the customer's express request and at the customer's expense exclusively.

6.3 We shall not be obliged to select the cheapest method of transport. The customer shall not be entitled to claim damages for wrong shipment or defective packaging caused by slight negligence.

6.4 Without prejudice to the customer's rights stipulated in section 10 of these General Terms and Conditions, the customer shall be obliged to accept delivered goods, even if they show minor defects.

7.0 ACCEPTANCE

7.1 The customer shall be obliged to accept the purchase object at our corporate seat within 8 days after the date the purchase object was ready for dispatch as notified by us in writing. If the customer fails to accept the delivery items, we shall be entitled to avail ourselves of our statutory rights.

7.2 If we demand damages instead of performance, such damages shall amount to 10 % of the agreed upon (net) purchase price. The amount of such damage shall be set higher or lower if we are able to prove that the actually incurred damage is higher or if the customer is able to prove that the actually incurred damage is lower or that no damage incurred at all.

8.0 RETENTION OF TITLE, UTILIZATION AND RELEASE OF SECURITIES

8.1 The purchase object shall remain our property until full payment of the purchase price including statutory VAT. Such retention of title shall remain in force until all our receivables based on the purchase contract are paid in full. Such retention of title shall also include all our other receivables based on the business relationship with the customer. For current accounts, the goods subject to retention of title shall be deemed security for our receivables.

8.2 If the purchase object subject to retention of title is processed together or mixed with other items that are the customer's sole property and if our title to the goods subject to retention of title ceases to exist in accordance with sections 947 and 948 of the German Civil Code, the parties agree that any new title to such newly created goods shall be deemed assigned to us as security for our outstanding receivables and that the customer shall keep such items in custody for us, free of charge and without right of return. If the purchase object subject to retention of title is processed together or mixed with other items that are subject to a third party's retention of title or that are properly pledged as security to a third party and if our title to the goods subject to retention of title ceases to exist in accordance with sections 947 and 948 of the German Civil Code, the parties agree that we shall become co-owners of such newly created item on a pro-rata basis in accordance with the ratio between the value of the goods subject to our retention of title and the value of the items that were subject to such third party's retention of title and/or pledged as security.

8.3 Should the customer - with our written consent - sell any item subject to our retention of title, the customer shall assign to us all its receivables and ancillary rights resulting from such sale. This shall also apply to the pro-rata share of the value of our co-ownership if the purchase object is processed or mixed with other items.

8.4 The customer shall have the right to sell on the goods subject to retention of title; however, he hereby assigns all claims due to him including ancillary rights resulting from such sale, to us. This shall also apply to the pro-rata share of the value of our co-ownership if the purchase object is processed or mixed with other items. However, until such right is revoked, the customer shall remain entitled to collect such receivables assigned to us as described above in its ordinary course of business. Such collection right shall not affect our right to collect any receivables assigned to us. We undertake to refrain from collecting any receivables assigned to us for as long as the customer is not in delay in payment for such receivables secured by such assignment of receivables and for as long as no application for the initiation of insolvency proceedings was filed against the customer's assets. In case of any delay in payment, we shall inform the customer in writing upon 2 weeks' prior notice of our intention to collect the receivables assigned to us. As soon as we are entitled to collect receivables assigned to us, the customer shall be obliged to deliver to us all documents and information, including but not limited to the names and full addresses of the debtors of such receivables assigned to us that are necessary in order to enforce such rights.

8.5 The customer shall be obliged to inform us immediately of any attachment by third parties of items that are our property in whole or in part and to inform such third party immediately of our right of retention. The customer shall be obliged to bear any costs for any action in opposition to the execution of a judgement, brought by a third party who claims title to the attached property and all other costs and expenses necessary in order to annul such attachment and to return our goods.

8.6 Upon request and in our discretion, we are obliged to release any securities to the extent the realizable value of all our securities permanently exceeds the total amount of all our receivables by more than 10 %. When selecting the securities to be released, we shall take into consideration the customer's legitimate interests.

9.0 CUSTOMER'S DUTY TO INSPECT AND REQUIREMENT TO MAKE A COMPLAINT IN RESPECT OF A DEFECT IMMEDIATELY UPON RECEIPT OF THE DELIVERY ITEMS

9.1 The customer shall be obliged to examine the purchase object without delay after receipt and, if any defect becomes evident to report it to us in writing without delay. Should the customer fail to send such written notification of defect, the purchase object shall be deemed accepted unless such defects could not be detected during such inspection.

9.2 The customer shall be obliged to notify us of any defect detected at a later time immediately after detection and in writing, otherwise, the purchase object shall be deemed accepted irrespective of such defect.

9.3 To maintain the written form as required in items 9.1 and 9.2 of these general terms and conditions, submission by fax shall suffice; apart from that, telecommunications submission, specifically by email, will not be sufficient.

10.0 DEFECT OF MATERIAL

10.1 The claims of the customer for defects of material in the purchase object - no matter the legal reason - shall expire 12 months after their delivery. This shall not apply in case of gross negligence or in cases of injury to life, limb or health. Section 10.1, clause 1 of these General Terms and Conditions shall neither apply to any defect we fraudulently concealed nor in case we guaranteed a certain quality of the delivery items nor to any claims subject to the Product Liability Act.

10.2 The customer's rights based on a defect in quality that existed already at the time the risk was transferred shall be limited, in our discretion, to subsequent performance in form of remedy of the defect or delivery of an item that is free from defects, unless we fraudulently concealed such defect in quality or guaranteed a certain quality of the purchase object. If we fail to perform the form of subsequent performance we selected (remedy of the defect or delivery of an item that is free from defects), the customer shall be entitled, in its discretion, to reduce the purchase price or to rescind the contract.

10.3 We do not assume any liability for normal wear and tear, use under exceptional circumstances, wrong or negligent treatment or use of the purchase object for any other than the intended purpose.

11.0 LIABILITY

11.1 Our liability for any damage of the customer caused by a defect of material of the purchase object not arising at the purchase object itself

- shall be limited as follows:
- to gross negligence;
- to injury to life, limb or health;
- to the typical damage foreseeable at the time the contract was concluded in case of any culpable violation of material contractual obligations if such violations endanger the fulfilment of the purpose of the contract;
- to cases in which we are liable in accordance with the Product Liability Act for personal injury and property damage of privately used items if caused by a defect of the purchase object;
- to cases in which expressly guaranteed qualities of the delivery item are lacking if such guarantee was made in order to protect the customer from damage incurring to any item other than the purchase object; and
- to cases in which we fraudulently concealed a defect or guaranteed a certain quality of the item. Otherwise, we shall assume no liability.

11.2 Section 11.1 of these General Terms and Conditions shall apply mutatis mutandis to any damage the customer suffers, except for any damage to the purchase object due to a defect other than a defect in quality.

11.3 Our exclusive liability for any damage the customer suffers due to a delay in delivery is described in section 5.0 of these General Terms and Conditions.

11.4 Sections 11.1 and 11.2 of these General Terms and Conditions shall apply mutatis mutandis to any claims for damages asserted against our legal representatives and vicarious agents.

12.0 PLACE OF PERFORMANCE, PLACE OF JURISDICTION, APPLICABLE LAW AND SEVERABILITY

12.1 The place of performance for delivery of the purchase object shall be our (corporate) seat as entered in the trade register (hereinafter: Seat).

12.2 Place of jurisdiction for any claims from the respective contract for lawsuits with a value up to 5,000.00 € shall be the district court locally relevant for our seat, and for lawsuits with a higher value the regional court locally relevant for our seat. However, we shall be entitled to file an action against the customer at its general place of jurisdiction.

12.3 German law shall apply exclusively, the UN Sales Convention (CISG) shall be excluded.

12.4 Should a provision of these General Terms and Conditions be or become ineffective, this shall not affect the legal effectiveness of the remaining provisions thereof. Such ineffective provision shall be deemed to be replaced by a legally admissible provision which comes as close as possible to the economic intent of such ineffective provision.
